

Literacy Activity: Vocab Webs

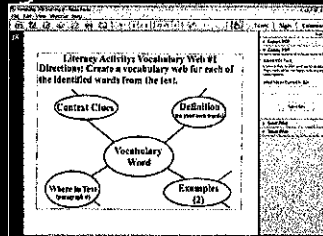

1. As a group, read the Discovery Education article, "Getting to Know: Evidence for Plate Tectonics."

2. Create a vocabulary web for each of the 4 science words on the next page.
3. *Extension:* Identify 2 additional science concepts from the article that we have discussed in class and create a vocab web for each.

Literacy Activity: Vocab Web

4. Vocabulary Webs
 - Found in packets

5. Vocabulary Words (4)

-Earthquakes -Lithosphere
 -Tectonic Plate -Subduction Zones

6. *Extension:* Find 2 additional Science concepts that we talked about in class and create a vocab web for each. (total of 6 vocabulary webs)

7. Staple all vocab webs together when finished and make sure your first and last name is at the top of the first page.
